

## **Description**

CA7230 is a low-density polyethylene for extrusion coating.

**CAS-No.** 9002-88-4

## **Applications**

CA7230 is designed for:

Extrusion coating of high volume production of boards and papers

Coating of various plastic films and cellophane

Coating and lamination of aluminium foil Co-extrusion applications

#### **Additives**

CA7230 contains no additives.

## **Special features**

CA7230 is optimised to deliver:

Good water vapour barrier Extremely low odour during processing

# **Physical Properties**

Property	Typical Value  Data should not be used for	Test Method r specification work	
Density	923 kg/m³	ISO 1183	
Melt Flow Rate (190 °C/2,16 kg)	4,5 g/10min	ISO 1133	
Melting temperature (DSC)	109 °C	ISO 11357-3	
Maximum Coating Speed	700 m/min	BTM 14921	
Minimum Coating Weight	7 g/m²	BTM 14922	
Total Neck-in	61 mm	BTM 14920	

## **Processing Techniques**

The actual conditions will depend on the type of equipment used.

A typical temperature profile from the feed zone is: 240/290/320/325/325°C. The adapter and die temperature setting is 5-10 C lower than the setting for melt temperature.

#### Storage

**CA7230** should be stored in dry conditions at temperatures below 50°C and protected from UV-light. Improper storage can initiate degradation, which results in odour generation and colour changes and can have negative effects on the physical properties of this product.

More information on storage is found in our "Safety data sheet" / "Product safety information sheet".

### Safety

The product is not classified as dangerous.

Please see our "Safety data sheet" / "Product safety information sheet" for details on various aspects of safety, recovery and disposal of the product. For more information, contact your Borealis representative.

## Recycling

The product is suitable for recycling using modern methods of shredding and cleaning. In-house production waste should be kept clean to facilitate direct recycling.

#### **Related Documents**

The following related documents are available on request, and represent various aspects on the usability, safety, recovery and disposal of the product.

"Safety data sheet" / "Product safety information sheet" Statement on chemicals, regulations and standards Statement on compliance to food contact regulations Statement on polymer additives and BSE
