

CELCON® LW90-SC

Low friction, silicone concentrate for use with other Ticona products

Celcon® LW90-SC is a highly loaded silicone concentrate based in acetal copolymer. It can be used in conjunction with other Celanese acetal products to reduce friction and improve wear performance. It is not meant to be used as a stand alone product. Please also see Hostaform® S 9021 S OEK for another Celanese silicone concentrate.

Thermal properties

Melting temperature, 10°C/min

165 °C

ISO 11357-1/-3

Injection

Drying Temperature

100 - 120 °C

Drying Time, Dehumidified Dryer

3 - 4 h
