

## Rilsan® Natural Fluid Bed Powder

RILSAN® fine powders are specialty polyamide powders obtained from renewable resources. RILSAN® T range is designed for coating metal parts using the fluidized bed dip coating process. They provide superior protection against wear, impact, corrosion, chemicals as well as graffiti. Please consult Arkema literature for application method and recommendations.

| PROPERTIES   | VALUE                          | UNIT  | TEST<br>STANDARD |
|--|--------------------------------|-------|------------------|
| POWDER PROPERTIES  |                                |       | •                |
| Color  | Natural                        | -     | -                |
| Particle Size Distribution, ≤ 40µm                                     | 1                              | %     | ISO 13320        |
| Particle Size Distribution, ≥ 254µm                                    | 6                              | %     | ISO 13320        |
| Particle Size Distribution, Median Size                                | 100 - 130                      | μm    | ISO 13320        |

| Water Absorption, 24h  | ≤1                             | %     | ISO 62-1         |
| Abrasion Resistance, Wheel CS 17, load 1 kg, 1000 cycles               | 13                             | mg    | ISO 9352         |
| Impact Resistance  | ≥2                             | J     | ASTM G14         |
|  | ≥17.7                          | in-lb |                  |
| Salt spray test according to surface preparation recommended by ARKEMA | Good adhesion after 2000 hours | -     | ISO 9227         |

## **MAIN APPLICATIONS**

· Metal Coating

· Automotive & Transportation

## **PACKAGING**

This grade is delivered in 25kg bags.

+135-3858-6433 (GuangDong) +188-1699-6168 (ShangHai) +852-6957-5415 (HongKong)
