

AuroraGuard™ FFD0089

 Aurora Material Solutions, LLC - *Polypropylene*
General Information
Product Description

A post industrial additive to add to let down long glass fiber PP. Specially formulated with the correct amount of additives for Long glass fiber PP.

Appearance:

- Black Colored pellet

Technical Data:

- Carrier Resin: PP

Properties:

- Handling and storage without risk
- Dust Free Dosage
- Direct Dosage (without predrying)
- Compatibility of components and decomposition products with PP
- No polymer degradation

Application:

- Injection additive

Recommended Use Levels:

- 0-100%
- Contact Aurora for loading levels to achieve desired results

Formerly known as Chemblend FFD0089
